

Our Consultants framework

This framework provides a full range of consultancy services suited to the construction, property and built environment.

Like all frameworks from Fusion21, the Consultants framework is run by technical specialists and only features pre-qualified, accredited supply partners.

It covers surveying, stock monitoring and appraisal, environmental, architectural, engineering, project management and multi disciplinary work – and is suitable for members who own or manage properties in the residential, education, health and local and central government sectors.

Framework features

- Consultant partners selected by region to promote local delivery
- Access to highly skilled consultants (SME's and multinational organisations) with extensive knowledge and expertise
- Heritage and Conservation lot added to support with adaptations, restoration and the protection and rehabilitation of monuments and buildings
- New Valuations lot offers residential and commercial property valuations plus planning, development and funding, feasibility acquisition and disposal
- Use in conjunction across all Fusion21 frameworks for even greater efficiencies

Working with Fusion21
