

Our Fire Suppression Systems and Associated Works Dynamic Purchasing System

This Dynamic Purchasing System (DPS) specialises in providing fire suppression and safety solutions for all public sector buildings – including the social housing and education sector.

Run by technical specialists and only featuring pre-qualified, accredited supply partners it includes the management of the design, supply, installation and maintenance of fire suppression systems and associated fire safety works, in addition to the direct installation of sprinkler, water mist and associated systems.

DPS features

- The latest addition to Fusion21's comprehensive fire safety and compliance offer
- The DPS will remain open for new suppliers throughout its duration, adapting to market demand
- Ideal for landlords who need to comply with Section 20 of the Landlord and Tenant Act 1985
- Supply partners selected on experience and capability

For the purchase of passive and activity fire safety products you may also be interested in our Compliance and Facilities Management framework brochure.
