

Our Lifts framework

This framework is designed to cover work relating to commercial lifts, passenger lifts, and domestic stair lifts and hoists.

Like all frameworks from Fusion21, the Lifts framework is run by technical specialists and only features pre-qualified, accredited supply partners.

Whatever the needs of your project, you should find them met by this framework – it supports design, installation, servicing and refurbishment requirements. Fast-track installation for urgent lift replacement is included, along with full turn-key solutions for lift installation and refurbishment.

Framework features

- Most of our framework partners are members of the Lift and Escalator Industry Association (LEIA)
- National coverage
- Options available for fully comprehensive or basic maintenance
- Consultants who can assess lift condition and oversee the replacement or refurbishment of passenger lifts
- Suitable for Aids and Adaptations

Working with Fusion21

Our procurement services help you to make a real impact, designed to bring genuine efficiencies to your public sector work programmes without compromising on choice or compliance.

Our role is straightforward – to help you buy smarter and with confidence. Fusion21 suppliers are required to meet the highest cost and quality standards, whilst all of our framework agreements and dynamic purchasing systems are fully compliant with EU, UK and Scottish legislation.

Why use our procurement services?

- We work closely with you to deliver greater efficiencies, sustainable products, project management services and the best possible value
- Ensure procurement compliance and mobilise your projects quickly and efficiently
- Benefit from aggregated demand and shared risk
- Gain procurement knowledge from a team of technical experts
- Access the most qualified suppliers in the market place
- Social value – every pound you invest helps to make a positive contribution in local communities
- Supports working with SMEs
- No joining fee or annual charge
