

Our Materials Supply and Distribution framework

This framework provides a flexible approach to the supply and distribution of materials.

Like all frameworks from Fusion21, the Materials Supply and Distribution framework is run by technical specialists and only features pre-qualified, accredited supply partners.

Framework features

- Lots linked to planned installation, heating and whole house frameworks
- Flexible specifications to suit your needs
- Managed through our preferred distribution partner with a national network of branches
- Choose self-service procurement or let us do it for you

Working with Fusion21

Our procurement services help you to make a real impact, designed to bring genuine efficiencies to your public sector work programmes without compromising on choice or compliance.

Our role is straightforward – to help you buy smarter and with confidence. Fusion21 suppliers are required to meet the highest cost and quality standards, whilst all of our framework agreements and dynamic purchasing systems are fully compliant with EU, UK and Scottish legislation.

Why use our procurement services?

- We work closely with you to deliver greater efficiencies, sustainable products, project management services and the best possible value
- Ensure procurement compliance and mobilise your projects quickly and efficiently
- Benefit from aggregated demand and shared risk
- Gain procurement knowledge from a team of technical experts
- Access the most qualified suppliers in the market place
- Social value – every pound you invest helps to make a positive contribution in local communities
- Supports working with SMEs
- No joining fee or annual charge
