

**Procurement frameworks
and community
regeneration services**

Who *we* are

Our mission is simple: to help our members make a real impact in the public and social sectors.

Whether that means delivering bottom-line savings on goods and services with our procurement frameworks or supporting the incredible work you do in your local communities, we're here to help you achieve great outcomes and deliver social value on every project.

We provide fully compliant procurement frameworks for property, construction and the built environment, alongside community regeneration services designed to help tackle some of the biggest challenges facing people across the UK.

Everyone at Fusion21 is dedicated to making a real impact. We know that delivering bottom-line cost savings for public sector work programmes is directly linked to regenerating communities and transforming lives. Based in north-west England and active nationwide, we're proud to consistently win awards for our achievements in procurement and social value.

Procurement savings worth more than **£147m**

All our frameworks are quality checked to ensure compliance and socially responsible public procurement, while every supplier we appoint has demonstrated exceptional standards in terms of cost, quality and social value. As you'd expect, all our frameworks are OJEU compliant and renewed on average every four years.

We're committed to helping you buy smarter by providing flexible, uncomplicated choices that make real commercial sense. And every pound spent through our frameworks helps to make a difference through our community regeneration services.

Read on to find out more about our procurement frameworks and community regeneration services.

Procurement

Frameworks that bring genuine, cashable cost efficiencies to your work programmes

Our members typically save as much as 30% on market prices with our frameworks - and that's before indirect savings from the procurement process have also been considered.

Choosing a Fusion21 framework means cutting out the cost of running your own procurement exercise. At the same time, you'll gain direct access to a team of technical experts with years of procurement expertise and a supply chain that is rigorously assessed and continuously monitored.

Each framework is carefully designed to enable smarter buying and make contract management easier for our members. To date, we've delivered more than £147 million in savings through the procurement process.

- Buy with confidence
- Save money, time and resources
- Ensure legal compliance with Public Contract Regulations 2015 and EU Directives
- Share risk - you have added protection with a framework
- Access a supply base tested on capability, experience and cost models
- Renewed every 4 years on average

- ✓ **350+** members
- ✓ No joining fee or annual charge
- ✓ Save up to **30%** on market prices

To find out more about our procurement services, please see our dedicated procurement brochure or www.fusion21.co.uk/procurement/frameworks. Here you can find our framework index and framework application process, plus more information to support your procurement activities.

Community regeneration

Making a measurable difference through social partnership

We're committed to helping communities thrive and grow. We believe in the power of social projects, delivered collaboratively by expert agencies, to genuinely transform people's lives. This is why we provide a range of strategic support, specialist training and consultancy programmes designed to make it happen.

No matter what kind of social value outcomes you want to achieve, we've got the experience and expertise to support you. We consider any project of any scale and we've generated millions of pounds in social value to date.

We deliver bespoke social value programmes, developed in partnership with our members or on their behalf, as well as a range of pre-packaged community regeneration services.

These include:

- Social value through procurement
- Social value through planning
- Social value through reducing reoffending
- Social value through consultancy
