

Our Lifts Framework

This framework is designed to deliver lift related works and services to estates across the public sector and will support the servicing/maintenance of passenger/goods lifts and domestic lifts (including stair lifts, step lifts, platform lifts and hoists) in addition to facilitating a variety of design, installation, refurbishment and associated lift consultancy services.

Like all frameworks from Fusion21, our Lifts Framework is run by technical experts and only features pre-qualified, accredited supply partners.

Regardless of the size or complexity of your project this framework is designed to meet your needs – it supports servicing/maintenance, design, installation, and refurbishment requirements. Fast-track installation for urgent lift replacement is included, along with full turn-key solutions for lift installation and refurbishment.

Framework features:

- Options available for fully comprehensive or basic maintenance
- All suppliers on Lot 1 and Lot 3 are LEIA Members
- All suppliers on Lot 2 are both UKAS Accredited and SaFed Members
- Consultants who can assist with the management of your lifting equipment portfolio or assess condition of a single lift asset and oversee its replacement or refurbishment
- Suitable for Aids and Adaptations

Working with Fusion21

Our procurement services help you to make a real impact, designed to bring genuine efficiencies to your public sector work programmes without compromising on choice or compliance.

Our role is straightforward – to help you buy smarter and with confidence. Fusion21 suppliers are required to meet the highest cost and quality standards, whilst all of our framework agreements and dynamic purchasing systems are fully compliant with EU, UK and Scottish legislation.

Why use our procurement services?

- We work closely with you to deliver greater efficiencies, sustainable products, project management services and the best possible value
- Ensure procurement compliance and mobilise your projects quickly and efficiently
- Benefit from aggregated demand and shared risk
- Gain procurement knowledge from a team of technical experts
- Access the most qualified suppliers in the market place
- Social value – every pound you invest helps to make a positive contribution in local communities
- Supports working with SMEs
- No joining fee or annual charge
