

Our Material Supply & Associated Services Framework

This framework supports general building and electrical materials, plumbing and heating (including gas spares), managed services, roofing materials, kitchens, windows and doors, aids and adaptations and bathrooms.

Like all frameworks from Fusion21, our Material Supply & Associated Services framework is run by technical experts and only features pre-qualified, accredited supply partners.

Developed with the engagement and involvement of members and suppliers to ensure we designed genuinely required solution structures, this multifunctional framework includes innovative lots which can offer a 'one stop shop' solution through a highly qualified and competent supply base.

Framework features:

- National Coverage
- Geographical breakdown
- Flexible specifications to suit your needs
- Wide ranging lot structure is designed to meet the changing requirements of members
- OJEU compliant and enables effective cost management of product lists
- Ongoing performance management through KPI, SLA and Management Information (MI) reporting
